

About LRIM

Latter Rain International Ministries (LRIM)

Charles Karuku is the founder and President of the LRIM, a ministry which is dedicated to release signs and wonders in the earth.

LRIM was founded to position the church for the end-time outpouring of the Holy Spirit in the earth. It seeks to preach the gospel according to the New Testament pattern of signs, wonders and miracles. This mandate is accomplished through mass crusades and schools of ministry that train people on how to work the works of God. This training of ordinary church people activates them to become a vibrant army operating in the gifts and power of God. Many have discovered that they too can work the works of God.

In stadiums, arenas and churches around the world, many have experienced healing and blessings as God visits them with the power of the Holy Spirit. Great ministers have been raised and released to go forth in the power of God. LRIM shares in the vision of the Institute of Leadership and Mentorship which is to raise up ministers who steward the holy things of God. To host our team in your area for a crusade, conference, healing school or leadership seminar, click [Invite](#) and follow the directions. To learn more about LRIM, please visit our [store](#) and experience the life changing messages.

This is through crusades and outreaches in the cities all over the world. The LRIM has held crusades in Minnesota, New York, Texas, Indiana and Massachusetts. We are also in the process of holding more crusades in South Africa, Kenya, Nigeria and other parts of the world. This apostolic ministry has been a major blessing to many people in the body of Christ.
